### And What Have You

By BOB CRAIG

It has come to our attention that J. O. Murphree was presented the "Scouter's Key" the other night at a district meeting of Scouters in Stamford. The Key is the highest award that an adult leader can earn in scouting.

The requirements are that person must complete the training program and conduct a good scouting program for at least three years.

We can not think of anyone more deserving of recognition for work in scouting than Murph. For although he has relinquished the job of Scoutmaster of our local Troop 43 to John Holtz, he is still active in Scouting. And to most of us he is still the Scoutmaster that brought Scouting back to life in Hamlin.

Congratulations, Murph, for a honor well deserved.

We hope that everyone enjoyed the Lions Club's Pancake Supper Friday night as much as the Lions Club enjoys putting it on each year. To most of the Lions this is The Project each year.

More Lions work harder on this event than any of the other projects the club undertakes and all of them seem to enjoy it more.

The club is very appreciative of the fine turnout by the people of Hamlin each year for this and hope that you will continue to support it over the years.

Indigestion just once a year is not too big a price to pay to furnish glasses for the needy or to help restore someone's eyesight, is it?

Sometimes you can not help but wonder what the people we send to Austin and to Washington are thinking about when you look at some of the bills they introduce.

Two Representatives have introduced a bill in the Texas House to regulate "Going Out of Business Sales."

The bill would require a \$50 license before a merchant could hold a Going Out of Business Sale, a Lost Our Lease, a Bankrupt Sale, a Fire Sale, or all most any other kind of sale. The bill would require, among other things, a merchant to submit a complete inventory of goods to be placed up for sale and he could not order any extra merchandise within 30 days prior to the sale.

The merchant could sell only the goods listed on the inventory during the sale and would have to submit a weekly list of goods sold in the sale to the City or County Tax Assessor and Collector from whom the license was granted.

How ridiculous can you get? Granted, this business of going out of business sales is getting out of hand some places but we do not feel that a law such as this is needed to correct the situation.

For many years the general public has done a pretty good job of protecting itself and we have faith that it can continue to do so. A law such as this would not hurt anyone but the legitimate business man because the shysters will find some other type of promotion to get around the law and in the end it will be the consumer that will come out on the short end.

But back to this matter of regulating sales. We find it hard to understand why a merchant in a community should have to pay a \$50 fee and open up his books to a Tax Assessor and Collector before he could sell his own goods at a reduced price.

Maybe a few people have been hurt by gyp sales but then a few have been hurt by mail order houses, traveling salesmen, inferior brands, and hundreds of other ways. It all goes back to the fact that the only way the public can protect itself is by dealing with people it knows and there is no way to regulate this.

We would hope that this bill, H.B. 214, never gets out of committee because we are sure its sponsors mean well but are afraid that they are being very shortsighted about the problem, if there really is a problem.

We are reminded of what someone said at a meeting we attended a few years ago when the idea of annual sessions of the Legislature was being discussed. Some bright person in the rear spoke up and said he felt that we would all be better off if the sessions were just held every ten years.

## Bank to Close On Saturday

The Farmers and Merchants National Bank has announced a new policy and beginning this week will close on Saturday. Hours for weekdays will remain the same.

Leldon Clifton, in making the announcement, said that most larger banks had been closing on Saturdays for some time.

## Meeting Set On Land Certification Friday

A meeting to discuss the new method of measuring farms by farm certification has been set in the Anson High School Auditorium Friday night at 7:30, according to John Scarborough, president of the Jones County Farmers Union, sponsors of the meeting.

Brad Rowland of the Jones County ASCS office will present the information on the program. Rowland urges all farmers to attend this meeting and to use this as a means to better inform himself on the new method. He

stated, "This is a good system if the farmer understands it completely and the more we know about it the easier it will be to adapt it to our farms."

Also on the program will be Charles Stenholm of the Rolling Plains Cotton Growers Association, who will discuss the increased yields.

Rowland and Stenholm hope to have all the information on how the county received the additional pounds and how they will be allocated to each farm, Scarborough added.

Farmers will be given an opportunity to ask questions and to join in the discussion at the meeting. Area gins will furnish refreshments.

Scarborough said all farmers are invited and urged to attend this important meeting.

## Foursquare Church Revival to Start Sunday, Mar. 5

A revival at Foursquare Gospel Church will be held Mar. 5-12 with the pastor, Rev. Weldon Counts, bringing the messages. Services will be held at 7:30 p.m. each evening except Saturday.

Rev. Counts has been conducting revival meetings in Abilene, Plainview and Weinert during the past month.

Special singing is planned each night. The public is invited to attend. The church is located at 113 Southwest Ave. D.

## Farmers Reminded of Sign-up Deadline Nears

Jones County farm operators were reminded today of the fast approaching deadline for signing up to take part in 1967 cotton, feed grain and wheat programs. The last day for filing a program application is Friday, March 17.

A. D. Hill, chairman of the Jones ASC County Committee, emphasizes the importance of signing up before the deadline. Program benefits include diversion payments on cotton, price support payments on cotton and feed grain and certificate payments on wheat. In addition to these program benefits, cotton, feed grains and wheat will be eligible for price support loans. But all program benefits, including the loan, will be available only to farmers who sign up prior to the

deadline date and then carry out the intentions indicated in the application.

The Chairman urged all cotton producers, not already signed up, who are interested in participating in the 1967 cotton program to call at the ASCS County Office as soon as possible. The increased cotton yield received by the county will change nearly all contracts but the changes will not be made until after the sign-up period. Additional payments which will result from the increased yield will be made at the time of final payments this fall. Therefore producers should not wait for notification of the new yield before signing up. Office hours are from 8:00 a.m. until 12:00 noon and 1:00 p.m. until 5:00 p.m. Monday through Friday.

## Schools Set Open House Tuesday

The public will have an opportunity to see a sample of the work being done by students in Hamlin Public Schools during open house activities here Tuesday evening.

Supt. C. F. Cook said that the open house held during Public School Week will afford Hamlin residents an excellent opportunity to go into the classrooms and form their own opinions of the character and quality of performance their dollars have purchased. "I think they will come away convinced, as we are, that Hamlin has a good school system," he added.

Refreshments will be served by the homemaking department in the high school cafeteria.

The high school will be open from 7 to 8:15 p.m. Principal B. V. Newberry is urging all parents to attend to see what is being done by the students in the departments. Also, he added that many of the teachers do not know the parents of the students they have in their classes and it would be beneficial to become acquainted.

The junior high open house will be held from 7 to 8:30 p.m. Principal Marvin Carlton said that most displays will simply be of the student's usual school work. All displays will be closely related to the school curriculum.

Art students will have crafts of weaving, ceramics, plastic grapes and paintings in their display.

One eighth grade class has constructed a weather station as a part of their science course. Many students have prepared posters relating to the subject they are taking or have built models related to that subject.

Parents and friends of the fourth and fifth grade students are invited to visit the elementary school from 7 to 8 p.m. Exhibits on health, science, English, social studies, and other subjects will be shown.

The fourth grades are emphasizing the theme of "American Heritage" in social studies with a study of our Founding Fathers as symbols of democracy, freedom, and liberty. An imaginary trip a-

Marvin D. Carlton and B. V. Newberry, junior high and high school principals, respectively were in Dallas Saturday through Wednesday for a meeting of the National Secondary Principals Association.

By MRS. R. M. BABE  
Just as you expected me to say, as of today (Monday) we are still very dry and dusty but still have hopes that it will rain soon. It is beginning to look a little discouraging, but have we done our part?

Mr. and Mrs. Woodford Pursley drove from Big Spring on Tuesday to attend the funeral of Mrs. Homer Pursley's father, Mr. Adams, then visited Mrs. Smith in Holiday Lodge in Hamlin and returning to Sylvester visited friends here. We still miss them since they moved away and are glad each time they return.

Mrs. Delia Beard of Fort Worth is spending a few weeks visiting her sisters, Maude Harris and Pearl Johnson.

E. C. Kiser is still in Hamlin Hospital and we found out he will have to have surgery. We aren't sure just when or where, but we are pulling for him in every way.

Several members of the Baptist Church attended the Workers Conference on Thursday in Rotan.

My husband and myself along with my mother, Mrs. John Edwards, drove to Wichita Falls Saturday afternoon on business and to visit with the Carl Jacksons, Henry Edwards, Minnie Leveritt, Oliver Leveritt, Paul Williams and Jackie Jackson families. I loved every minute of it but I am really stiff and sore my first trip since we had the wreck.

Mrs. Charles Scott is back in school after having quite a bout with her sinus.

Guess Homer Pursley's age is catching up; seems he just

couldn't get out of the way, when several bales of hay fell and caught him on his leg and heel. It has given him a lot of trouble but is better now.

Cadet Michael Lee Lanning has been designated a Distinguished Student at Texas A & M University for the 1966 fall semester. To be eligible, a student must have compiled a 2.25 Grade Point Ratio or better on a three point grading system.

Cadet Lanning is the son of Mr. and Mrs. J. M. Lanning of Sylvester.

Fairview News...

By MRS. ELMER JOINER  
This won't be anything about Fairview, nor any of the folks here, but am just so thankful to be home again after a six weeks stay in the hospital that I just wanted to write a word of greeting to all of those that have read my little column in the past.  
You will never know how I have missed trying to scrape up a little news each week to send your way and I hope to find a little the next week.  
To those that are away and have wondered, I spent two weeks in Hamlin Hospital, then to Scott and White in Temple for four weeks, arriving home Sunday, about the weakest, happiest, most excited and deeply thankful old woman you ever saw.  
Dear friends that have been so thoughtful with cards, letters, words of love and encouragement and most of all your prayers. I cannot ever say enough to tell you  
**KIDNEY DANGER SIGNALS**  
Getting up nights, burning, frequent or scanty flow, leg or back pains may warn of functional kidney disorders—"Danger Ahead." Give kidneys a GENTLE lift with BUKETS, the tonic-diuretic. Increase and regulate passage IN 4 Days or your 39c back at any drug counter. TODAY at WAGGONER DRUG  
how I love and appreciate every one of you. I felt like a queen knowing I had so many friends, not only here, but scattered lots of other places, that were pouring the mail in letting me know they did care.  
I have been much too ill to send out any thank you cards, I might forget who sent me what, but for each little gift I am eternally grateful. For the beautiful Azelea sent by dear friends, it not only gave me pleasure but was a thing of beauty to all the nurses that came in. The lovely yellow mums from the dear Fairview Folks were something special too. In these hospital rooms where the only color is a touch across the blinds you can imagine how beautiful colored flowers stand out. When I was so ill the bright colors looked like colored TV.  
Last but not least, for the dear ones that have prayed so hard for me, in my darkest moments I felt your prayers and sometimes I couldn't have gone any further without them. Even though I had some wonderful doctors, I knew that without the Lord guiding their hand, all was in vain.  
I am just hoping that if I can gain as fast as I am doing now, to be able to be out before too, too many weeks and greet each of you personally.

### Missionary Nurse To Speak Here Monday Night

Miss Elizabeth Cole, missionary nurse in Swaziland, South Africa, now on furlough, will speak at the Church of the Nazarene here Monday, Mar. 6, at 7:30 p.m.

This is Miss Cole's fourth furlough since being assigned to Africa in 1935. She has been working the last eighteen years among the people who suffer from leprosy at the MBuluzi Leprosy Hospital.

Her missionary service will point out that although the emphasis is upon evangelistic effort, the Church of the Nazarene is interested in seeing these suffering ones healed and cared for.
